Roses in Review 2009
What Reporters Disliked About the Roses Reviewed

Variety	Dislike
A MacKenzie	Only slight repeat after 1st showing of blooms.
Alan Titchmarsh	Blooms don't last long.
Aloha (Kordes)	The blooms were irregular. One would be exhibition form the next would show a bull nose or a vegetative center - weird.
Ambiente	
Andie MacDowell	Didn't survive the winter
Benilli	Small size roses; very winter tender; took forever to come back each year and then finally died....
Black Cherry	Nothing
Burgundy Iceberg	Rose bush is now about 2-3 ft high with light weight foliage. Blooms were small. Had extreme blackspot; grows slow; flowers scorch in Colorado sun.
Caliente	Dies back each winter in exposed location. Not very abundant flowering.
Candy Land	
Cinco de Mayo	
Cinnamon Twist	
Citrus Splash	Habit isn't attractive so far.
Coffee Bean	
Crested Damask	
Deidre Hall	Rain spoils the blossoms
Deja Blu	
Dream Come True	Too few blooms; repeat slow; poor exhibition for a hybrid tea; 2 years in garden and only now shows a bit of vigor; leaves too small; blooms don't last. Bloom turns ugly as it ages.
Ebb Tide	
Edisto	Second flush not too impressive; slow to grow. Slow to grow.
Falling in Love	Awesome thorns might bother some.
Fire 'n' Ice	Not winter hardy here at all. Slowly died off each winter until it did not come back at all, no matter how much protection was given them..
Gentle Giant	
Glenda Marie	
Golden Fairy Tale	
Good 'n Plenty
